

Welcome to the WLMP.com subscription service!

Although our web address is still www.WLMP.com, our program name has now dropped the word "Wholesale," in keeping with an informal directive from our customer, the USAMC. You will see a gradual changeover to the name Logistics Modernization Program (LMP) in our communications. This subscription service keeps you informed about the latest updates on the Logistics Modernization Program.

Forward this e-mail to your colleagues and encourage them to sign up to get their own copy at http://wlmportalprod.wlmp.com/pls/portal30/url/page/wlmp_subscribe.

- ## 1. Service Name Contest is Now Open!

Team LMP is holding a contest to name the service that Team CSC will be providing under the Logistics Modernization Program. All Team LMP, contractors, and Government personnel are eligible for the \$250 prize to the winning name. Use the link on the portal (<http://www.wlmp.com>) to view contest rules.

Or click on this link to jump to the contest application form: http://www.wlmp.com/pls/portal30/url/page/lmp_name

- ## 2. Refreshed Team LMP Page

Team CSC includes many small and large private sector corporations performing services for the U.S. Army Materiel Command. Team LMP includes the AMC LMP Program Directorship and the AMC customer sites. This web page shows an array of the logos and emblems for the major corporate entities participating in the program. Click on each one to jump to more information on each and a link to their respective home pages.

View and read the Team page:

- ### 3. Acronym Tool Has New Function

If you are reading a publication and see an unfamiliar acronym, look it up in our home page Acronym List (upper right). If you do not see it listed, and you think it may periodically re-occur, you can submit it to WLMP.com by clicking on the Add Acronym tab and submitting the entry. Submissions are subject to review but, when approved, will be added to the acronym database.

Go to the Acronym tool now: <http://www.wlmp.com>

- #### 4. First Cutover Plan Moves Forward

Several working teams under LMP bring their work to culmination and begin rounds of gradually more complex testing, redevelopment/ reconfiguration when necessary, and retesting in preparation for the first LMP deployment, scheduled for January 2003. Twelve sites are named in this article for the first LMP deployment, "initializing" first cutover preparations.
